

I just received the bead and the program in the mail yesterday! All of you did such an excellent job of putting the thoughts I had into the "garden theme". I absolutely love the bead and the colors stand out beautifully.

Thank you so much! I have not seen the brochure yet though and would love to have a few copies for family and friends. I would really appreciate that.

Thank you for all of your efforts on my behalf and on the behalf of the other ladies represented. It is such an honor and such an uplifting act of kindness and caring.

Much love and light to you,
Angie

THANK YOU all so VERY much for a wonderful, beautiful Garden Party on Monday! I was so honored and humbled to be among so many courageous women, sisters in the fight against breast cancer! I will always remember that night, and everything you all did to make it possible!

Attached are a few photos from the event. Feel free to use any and all you like!

Thank you again!
God Bless,
Terry

Thanks so much for a wonderful evening. It was just lovely and I was so proud of my bead! I am going to wait until I can actually spend some time looking. I think I want ear rings and a necklace. My daughters in law each want one as do my college friends and Elizabeth. So I need to check out options to tell them and take my time. Again, THANKS FOR A WONDERFUL TRIBUTE! My bead matches my porch pillow exactly! That is how "RIGHT" the artist got it!!!

Sarah

Suzy and Everyone at Dems,

It was my honor and privilege to be one of the survivors honored with a bead. I LOVE my "Carolina Pride" bead and so does everyone who has seen it. Everything Monday night was so

beautiful, well-organized, and well done. You should all give yourselves a "pat on the back". I am also so grateful that the proceeds go to S.C.O.A. They have truly been a "lifesaver" to me in so many ways over the past six years. I am very happy that, through my bead, I can give something back to others they are helping. Thank you again from the bottom of my heart. I can certainly say that I have a "Hunk of Burning Love" for Dems and all of you!!!

Sincerely,
Margaret

To Everyone:

Thank you for such a wonderful evening Monday. I needed to let you know that me and my family enjoyed everything. Leslee has always been such a wonderful daughter and to have her be a part of this with you is a blessing to me. All the beads are beautiful but mine, well, you know I think it is the best. I am looking forward to the viewing and option to purchase the beads on the website. Also to share your information with others. It is great to let everyone know that a contribution does go to cancer research.

Thank you again and God Bless all of you,
Pat

Last night was absolutely thrilling. Everything was just beautiful and I cannot thank you and everyone at Dems enough. I LOVE my bead - how special it will always be to me. I will be in soon to add to my bracelet!

Thank you again,
Agnes

Wow! What a Party! I knew the gala would be fabulous from photos I had seen from previous years, but actually BEING there was a whole other universe! I am blown away by all the effort that went into hosting something as special as last Monday night. The thousands of hours it took to accomplish such an evening had to have left all of you exhausted. The baskets of flowers, all of the beautiful and silly hats/headpieces, the food, the exquisite beads, the thoughtful words that accompanied the bead presentation - all of it was so personal in the midst of the huge crowd and exciting chaos. I have images of you and Debbie presenting the beads while trying to quiet the hoards, Connie and Carol hauling ice and drinks to the outside,

Wendy standing on something in the back with a camera, Lea in the back looking happy, but claustrophobic, the precious little girls hoisting the bead signs, excited and nervous recipients. You all nailed it.

Dems is an exceptional company. I have known most of you for many years. I always feel so at home when I come in the store. Things like your survivor bead program put you above all other jewelry stores. While I don't know Debbie and Steve, the results of their management style and system of values shine through in all of you. Thank all of you for your selfless work to make such a special

Sincerely,
Trish
